No note of margins was taken by the Stock Exchange brokers in their fifth annual handicap, held at the Knollwood Country Club yesterday, bar the margins of the holes. As a rule the scores showed that felicity in finance does not entail a good showing on the links-clearing house balances are far different from the footing up of score cards. The golfer must be heaven-born, not mammon-bred, as the old reliable Macdonald proved by making the course in 75, only a stroke above the amateur record, held jointly by W. J. Travis and C. H. Seeley. Re was a demon to put. His card was:

Toler at times played quite up to the best form of Macdonald, but lack of practice made him rusty on the greens. Richard King entertained the visitors on behalf of the club and all had a fine time. There were four prizes, all handsome ones. They were for the highest and lowest gross scores and for the highest and lowest gross scores and for the highest and lowest pross scores. The

PAILS TO BEAT LON MYERS'S SO-YARD

PIGURES AT N. Y. A. C. GAMES. ns Are Shut Out in Nearly Every Event at Travers Island -"Cherry Diamond" Athletes Carry Off the Honors - Yale Defeated in Relay Race - Montclair Boys Win Eastly.

Travers Island, the picturesque country come of the New York Athletic Club, formed a beautiful setting for the sixty-sixth games of the club, held vesterday afternoon. Six or seven thousand persons, mostly composed of women in bright spring costumes, were grouped around the sloping banks which surround the infield. The athletes capering across the grounds in athletic suits of vivid and varied colors added life to the scene, and the picture was made complete by the bunting, flags and streamers which floated gayly from the masts of the yacht fleet anchored off the island

A southwest wind blowing diagonally across the track increased the comfort of the spectators, but hampered the efforts of the runners and was responsible at least for the fallure to break one world's record. Arthur F. Duffy, the noted Georgetown University sprinter, made an attempt in a special race to lower the figures of 51/4 seconds for fifty yards, which have been standing to the credit of Lon Myers since Dec. 12, 1884. Only one sprinter, Milton Rainey of the Xavier College A. A., had the temerity to try conclusions in the scratch race, which was made the medium for the trial against

Duffy dashed away, with his usual quickness, at the crack of the pistol a yard in front of Rainey. Before the spectators had time to realize that he was in his running the Georgetown flyer leaned over the finish line three yards in front of Rainey. Mortimer Bishop, one of the timers, returned 5 2-5 seconds two other watches, held by officials, registered 5 3-5 seconds, while the fourth showed onefifth of 'a second slower. Duffy received credit for 5 3-5 seconds, the merest fraction slower than the record.

Before his trial against the record Duffy was beaten a foot for second place in the first trial heat of the 100-yard handicap, in 10 seconds. The final was won by Charles Seitz of Fordham College, who received the limit of ten yards, in 9 4-5 seconds. Altogether it was a great day for the colleges and small

seitz of Fordnam Couege, who received the limit of ten yards, in 9 4-5 seconds. Altogether it was a great day for the colleges and small clubs. The plan of limited handicaps adhered to by the N. Y. A. C. for years was abandoned for these games and the handicapper was allowed to work his own sweet will. The novelty of using a free hand must have stirred his generosity, for in the majority of events the liberal starts precluded the possibility of the scratch men winning. The wearers of the "wingod foot" were placed at scratch in every event, except the 100 yards. Only two firsts fell to their share and in each of those there was only one competitor who did not sport the promoting club's colors.

Their old rival, the Knickerbocker A. C., won four events and was the most successful club to do battle with the N. Y. A. C. Dan Reuss won the pole vault and W. S. Edwards the broad jump, with meritorious performances. The "Cherry Diamond" also was in front in the relay race for schools and colleges, in which Yale put up a pretty fight. Lillie of the first quarter, when Waldron took up the running. He could not hold Holbrook of the Knickerbockers, who turned a lead of four yards over to Sayles. The latter increased the K. A. C. man's lead to six yards when Edwards, also of the K. A. C., and Clapp, Yale, started for the final quarter. For a furiong Edwards more than held his own. Then Clapp drew up slowly and half way down the straight he almost closed with Edwards. The crowd rushed onto the track and wildly urged the Yale man to make another effort, but he was done, and Edwards, drawing clear in the last twenty yards won by four yards. Montelair High School had an easy journey in the school relay race, winning by 100 yards. Newton High and New Rochelle High had a great race for second. The teams alternated in leading at each relay. Hunsden of New Rochelle was two yards behind Scott of Newton, when they started for the last circuit, but the New Rochelle boy raced all around his rival and took second honors by two yards.

C third, fifty yards away, while Alexander,
Grant, the scratch man, who did not gain
on the two leaders, was fourth.
Great things were expected of John
Flanagan and the track events were held
up while the spectators watched him whirl
the 18-pound harmer into space. He experimented with three turns in practice,
but confined himself to two in the competition which he won with 181 feet 215 inches,
more than eight feet worse than bis record.
G. P. Arnold of the New West Side A. C.
won the half-mile run in the fast time of 1
minute 58 3-5 seconds, while Militon Rainey
set the back markers a hopeless task in the
220-yard dash by crossing the tape in 21 3-5

WORK ON CONSTITUTION'S MAST. ted to Be Ready for Stepping on Ner

BRISTOL June 8 .- In the repairing of the teel mast of the Constitution in the shops at Bristol nearly a dozen men have been pushing the work ever since the spar was taken under cover. It is figured that the mast should be ready for stepping on June 15. and if it is stepped there is every reason to believe that the yacht will be fully refitted with all gear on the first part of the following week. The topmast, it is understood, will be tele-

The topmast, it is understood, will be telescoped into the mainmast when the latter is repaired, similar to the plan followed in stepping the spar the first time.

Slight alterations are being made in the new mainsail that was bent the morning of the accident. While the latter has received little stretching as yet, it is learned that when it has been set a few times the form will be superior to that of the sail first put to use on the boat. A number of other sails have Just been stored on board the tender Mount Morris. They are for the most part spinnakers and balloon jibs.

Before the spreaders were attached to the mainmast for her first spin they were subjected to several tests without any fault being found in them. It is learned that in regard to the starboard lower spreader, the first fitting to go in the accident of last Tuesday, there was nothing on the surface to indicate a defect. Yet when the broken end was examined it was found on quite as strong as the port one.

was examined it was found not quite as strong as the port one.

There is little headway being made on the second mast for the boat, owing to the greater number of the steel workers having been assigned to the repairing of the buckled spar. It may take three weeks before it is ready for use.

In the north boat shop the new sloop of the 51-foot class for J. Rogers Maxwell of the New York Yacht Club is all planked outside, and the deek parity so. Of the two 81-foot launches the one for Howard Gould is almost ready to go overboard. The Gay craft is having her magchinery set up.

The Herreshofts have been approached by yachtsmen relative to the production of enother one-design class, something not far from the measurement of the 30-footers.

BROOKLYN CLUB'S REGATTA. Second Race in the Gravesend Bay Association

Series. The second race of the Yacht Racing Association of Gravesend Bay was sailed yesterday under the auspices of the Brooklyn Yacht Club. There was a fresh southwest wind, and several of the smaller yachts put reefs in before the race began. They went twice around the usual courses. They went twice around the usual courses. The first leg was a beat to the mark off the Atlantic Club house, the second leg was a broad reach to the Fort Hamilton buoy, and then it was a close reach home. There were eleven starters, and the winners were Akista, Squaw, Song and Dance, Wraith, Kelpie and Martha M. The table follows:

The Cup defender Columbia, which was in the Erie Basin dry dock early in the week to be cleaned, was out sailing on the Sound yesterday afternoon. She reached up and down the Sound with only lower sails and then stood to the eastward, having a working topsail set. She looked remarkably well and sailed very fast.

Cricket.

The first meeting in the championship series of the Metropolitan League between the Manhattans and the Montclairs took place yesterwon rather easily by 106 runs after declaring their inning closed with only seven wickets down. F. J. Prendergast and W. Adam put on 113 runs in partnership for the Manhattans' third wicket. The result of the game was: Manhattan, 152; Montclair, 46.

A short-handed team of the Nelson Lodge. comprising only nine players, proved an easy proposition for the champion eleven of the Knickerbocker Athletic Club in the league match at Bayonne yesterday. The Knickerbockers won by a score of 135, only five wickets down, to 65. Stiles, 47, not out, was the high scorer for the winners.

The Paterson B team played the Bermudas at Prospect Park yesterday and had to submit to defeat by thirty runs. W. Gibbons, J. Harvey and E. Bean all bowled in good form for the winners, while F. Grayson, with a contribution of 23 for Paterson, was top scorer of the game. The totals were: Bermuda, 84; Paterson Team B, 54.

Columbia Oval played the West Indians yesterday and won after a good game by twenty-three runs. This result was brought about chiefly through the good batting of H. O. Wikinson and T. Creedican, who contributed 28 and 22 respectively. The score was: West Indians, 65; Columbia Oval, 88.

The Essex County Club had its association championship match with Brooklyn Team B at Prospect Park yesterday. A good batting game resulted, but there was not time to play it out and the match goes on record as a draw. The totals were: Essex County, 102: Brooklyn, 84, for five wickets.

The Nelson Lodge B team played the Chadwick Club at Prospect Park yesterday and won an easy victory by a score of 1ct to 22.

The Antilles and Star of Erin clubs tried hard to bring their game at Prospect Park to a conclusion yesterday, but time would not allow and the result was a draw. The totals were: Star of Erin, 71; Antilles, 25 for four wickets. omprising only nine players, proved an easy proposition for the champion eleven of the

Rousing Send-Off for Pennsylvania's Henley Eight.

PHILADELPHIA, June 8.—The eight-oared crew of the University of Pennsylvania sailed from this port on the Waesland this afternoon, to compete in the Henley Regatta or the Thames next month. The Waesland spiled at 1:30 o'clock. The send-off began at 11:20 o'clock at the dormitories. Then the students assembled and whiled away the time for the start to be made for the wharf by singing all the inspiriting Pennsylvania songs they could think of and giving vent to the college and class yells. The boys did not have a chance to get to

Launch of the Schooner Muriel.

The schooner yacht Muriel, designed by A Cary Smith and Barbee for Charies Smithers, was successfully launched from the ers, was successfully launched from the yard of her builders, the Townsend and Downey Company, at Shooters Island yesterday. This yacht is to race in the 75-foot class. She has the centrebeard hung well forward and this is to be used to give her an extra grip on the water when going to windward.

Class for Thirty-Footers-Ooiseau Loses Her Bewsprit and is Towed Home-The Badger Wins the Prize for Raccabouts. The annual regatta of the Manhasset Bay Yacht Club, which was held yesterday on the Sound, was the most successful sailed this season. A fresh westerly breeze favored the yachtsmen. It could not have suited the courses selected better, and the result was each class furnished a fine contest. There were twenty-nine starters and the Regatta Committee, Edward M. MacLellan, Robert Jacob and Chares D. Mower, sent them off with only a slight delay and were heartily congratulated after the races for the management of the day's sport. The Regatta Committee were on board Rear Commodore Stephen Roach's steamer Emeline and they gave the preparatory signal at 12:30 o'clock at the starting line, which was off the clubhouse. The first class sent off was 36-footers. now owned by H. L. Maxwell, and last year known as the Effort, the Anoatok and the Memory. They came down to the line close hauled, the Anoatok and Memory at the estern end and the Leda, sailed by J. Rogers Maxwell, at the committee boat end. Mr. Maxwell judged things well and, crossing almost with the signal, took the lead and soon began to leave the others.

The 30-footers were next. Of the New port thirties, the Hera, sailed by Raiph N Ellis, led the Esperanza across the line. Olseau Enpronzi, Dot, Flyaway and Alerion fol-Enpronzi, Det, Flyaway and Alerion followed in the order named. These yachts had to sail to a mark boat off Plum Beach, then to sail to a mark boat off Plum Beach, then to and around the Gangway Buoy, then to Matinicock Point, then to Delancey Point and then home. It was a beat until well out on the Sound, then they had a reach to the outer mark. It was a close reach across the Sound, a beat back to the entrance of Manhasset Bay and almost a run home. The Leda led all over the course and won in her class. The Esperanza defeated the Hera in the Newport class. In the regular class for 30-footers, the Oiseau lost her bowsprit and had to be towed home by the steamer Kismet. The Alerion and Enpronzi made a close race and Alerion won by forty-one seconds. C. T. Pierce's catboat Dot scored another win and the Flyaway was so far behind that she did not finish. The 25-foot sloops, raceabouts and knockabouts sailed eleven miles, turning at Sands Point and Old lien Buoy. There were four raceabouts and they made a very pretty start getting off well bunched with the Hadger to windward, and the Rogue, Sis and Snappernext in order named. On the windward work the Rogue lost her bowsprit, and then her hollow mast went by the board. The Sis, which is owned by E. T. Bedford, a brother of the owner of the Rogue, at once went to the disabled yacht's assistance, and tried to tow her to a harbor. Then the Emeline took the line from the Sis. Shortly after this accident the Snapper parted her runner, and had to retire so that the Badger won her fourth race easily. lowed in the order named. These yacnts

and had to retire so that the Badger won her fourth race easily.

J. R. Hoyt's Scintilla easily defeated the Lassie in the knockabout class. The smaller yachts went over a course nine and a hair nules in length. There was considerable interest taken in the Manhasset Bay raceabouts, five starting in the race. They crossed the line at the start in this order: Arizona, Bab, Mist, Lambkin and Fire Fly. It was nip and tuck all around the course and the Arizona finally won with the Lambkin second. The Sora won in the class for small sloops, and the Cricket finished second. Following is the table:

SHELL SWAMPED AT REGATTA.

Columbia Graduates Have to Swim Ashere -Placky Rowing by 'Varsity Crew. The Gould boathouse of Columbia Pol-

versity was crowded yesterday afternoon on the occasion of the annual commence ment regatta. The races were all hardfought, but a number of unforeseen accidents militated seriously against the success of some of the crews and the heavy Hudson swells swamped one boat and disconcerted the oarsmen in two others In the eight-oared race between the freshman and graduate crews the alumni took the lead for five strokes, when a swell from the yacht Viriginia, which was passing, caught the shell alongside and she soon filled to her gunwales. One by one the oarsmen jumped overboard into the river, Snyder alone remaining in his seat at 3. The launch picked six of the men up. The two others swam ashore and walked along the railroad track

to the boathouse.

A pretty piece of pluck was seen in the eight-oared race between the two 'Varsity boats, in which the second 'Varsity received a start of eight seconds. Scarcely five strokes had been rowed when Bartholomew, who was rowing at 7 in the 'Varsity boat, broke his carlock. He leaped from the shell and was picked up by a boat that put out from shore. With only seven men the 'Varsity boat quickly drew up to the second boat and passed it at the three-quarter mile mark and won by three lengths.

In the race between the sophomore and freshman fours the third mishap occurred. La Roche of the sophomore boat broke his oar early in the race. He did not realize what had occurred until almost three-quarters of the race had been rowed and his boat was a fraction of a length to the good. He stopped rowing and his dead weight was too great a handleap for the second-year men, who were beaten by a boat length. The summaries:
